CARDIOVASCULAR DISEASE

**A-Z Daily Practice Management
of the Failing Heart**

WEEKEND 1

6-7 NOV '21

WEEKEND 2

13-14 NOV '21

Abstract Submission

Abstract Instruction

Your abstract must be written in English, no more than 300 words (excluding title and author information), and must include all of the following:

- Title: Approximately 10–12 words identifying key components of your case.
- Author Information: List initial(s) and last name of all authors in descending order of contribution. If a senior researcher is involved, they can be listed last. Include academic affiliation for each of the author.
- Content: Include introduction, case description, discussion, and conclusion.
- Keywords
- Supporting data, such as ECG, X Ray or angiogram can be sent along with the abstract (optional).

Send your abstract before
October 28th 2021

All abstracts will be reviewed by panel of experts and the selected ones will be contacted by email.

Three best abstracts will be chosen to present the case at the virtual APICD 2021.

Share your abstracts and get the chance to be a speaker in APICD 2021!

For detail information please contact: dr. Mardlatillah., SpJP (0811663052)

Thank You
